Activities	Finding
<p>Coordination activities</p>	<p><u>Taunggyi Mobile Team Activity Observation</u></p> <p>We have observed to Mobile team activity at the Than Tay Village and also met with township BHS and government NTP staffs at 20.2.25. The mobile event is facilitated by government NTP staffs and seconded MO, seconded data assistant. The community who conducted to Mobile team is about 150 and among them, mobile CXR screening was about 143 and sputum examination was about 8. TB patients had 4 cases from these mobile activity.</p> 
<p>Program activities</p>	<p>I have supervision visit to Southern Shan State (Taunggyi, Hopone, Lawksawk) on 18/19/20 Feb as follows,</p> <ul style="list-style-type: none"> - SDPs - Volunteers - Home based monitoring to DOTs patients <p><u>Lawksawk</u></p> <p>SDP</p> <p>I have supervision to SDP for the assessment of the program/finance/ MEAL documents and also checked for stocks storage & management. There is the proper</p>

storage of the stock room and forms (program, finance & MEAL) keeping at the SDP. Lawksawk is still needed to have **township mapping and data dashboard** for 2025.

(Lawksawk stock room & cupboard for forms storage)

Volunteer Supervision

I have supervision visit to the volunteer, Daw Win Yu who lived at the Phong Pyar Village. There is total 1500 population at the village and she is covered to nearby villages, Pha Lan Myaung, Taung Kway, Htin Shu Pyar, Taung Pyo, Taung Kway, Lat Yan Kwae. She is active volunteer and also trained for volunteer app & DOTs app in TB case findings. She is well known for the incentive payment scheme updated. She had patient case findings for November 24 – 7 refer/ Nil TB cases, December 24- 9 refer/ Nil TBcases, Jan 25- 11 refer/ 1 TB case.

Home based Monitoring TB patients

I have monitoring visit to TB patient, CR regime, Hein Thiha Kyaw, 6 yr old, active schooled child, who lived at A Lal Chaung village, Treatment started date is 21.1.25, regular taking of drug & good adherence at timing at 6 AM. He has no other side effects during the treatment.

Hopone

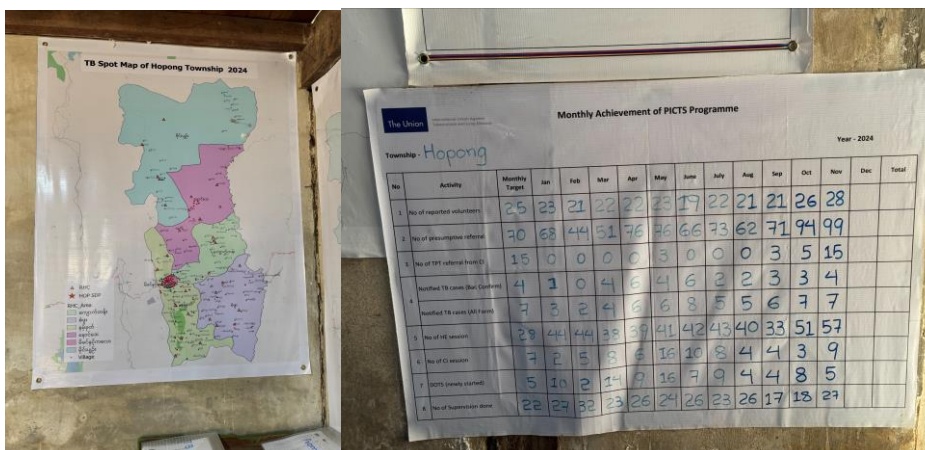

SDP

We have supervision visit to SDP and there is update up to November 2024 after confirmed with MEAL, also update in township mapping Nov24. There is proper management of stocks and forms (Program/Finance/MEAL).

Hopone township is currently going with form1/2/6 and not feasible to use mobile apps (Vol & Dots Apps) due to internet connections problems at the rural areas/villages.

(Stock storage shelf and TB patient promo package)

(Township Mapping 2024 & Data Dashboard 2024)

Taunggyi

Volunteer supervision

I have supervision visit to the Volunteer **Nan Shwe Nu** at Kyauk Ta Lone Village. It is very remote village and based on about 1000 population. The village has few housings located at the mountain. She is trained for the volunteer app & DOTs app in TB referral. She is active volunteer and also the SCC volunteer (Kyauk Ta Lone). This SCC is functioning and also joint support by other volunteers (Khun La Tag, Khun Ag San, Khun Than Shwe, Khun Win Kyi, Khun Lay Kyi and Nan Khan Wee in sputum transport as alternatively.

Her recently TB cases are

- 2024 Jan-1 TB refer, 2024 March- 1 TB refer, and her recently DOTs supported patients are 3 patients that completed in Jan 2025 as the last patient.

M&E activities	I have checked to the quarter data in presumptive, notified, CI and DOTs, TPT registers for November 2024 to January 2025 in Lawksawk, Hopone. There is also completed and consistent with data recording & reporting via share link.
----------------	---
